

MAPP Community Health Status Assessment Meeting

Community Health Status Assessment Meeting

April 23, 2015

MAPP Process Illustration

Community Health Status Assessment

The Community Health Status Assessment is intended to answer questions such as:

- How healthy are our residents?
- What does the health status of our community look like?

Community Health Status Data – 11 Core Elements

- 1. Demographic Characteristics
- 2. Socioeconomic Characteristics
- 3. Health Resource Availability
- 4. Quality of Life
- 5. Behavioral Risk Factors
- 6. Environmental Health Indicators
- 7. Social and Mental Health
- 8. Maternal and Child Health
- 9. Death, Illness and Injury
- 10. Infectious Disease
- 11. Sentinel Events

Local Public Health System Assessment

The Local Public Health Assessment is intended to answer questions such as:

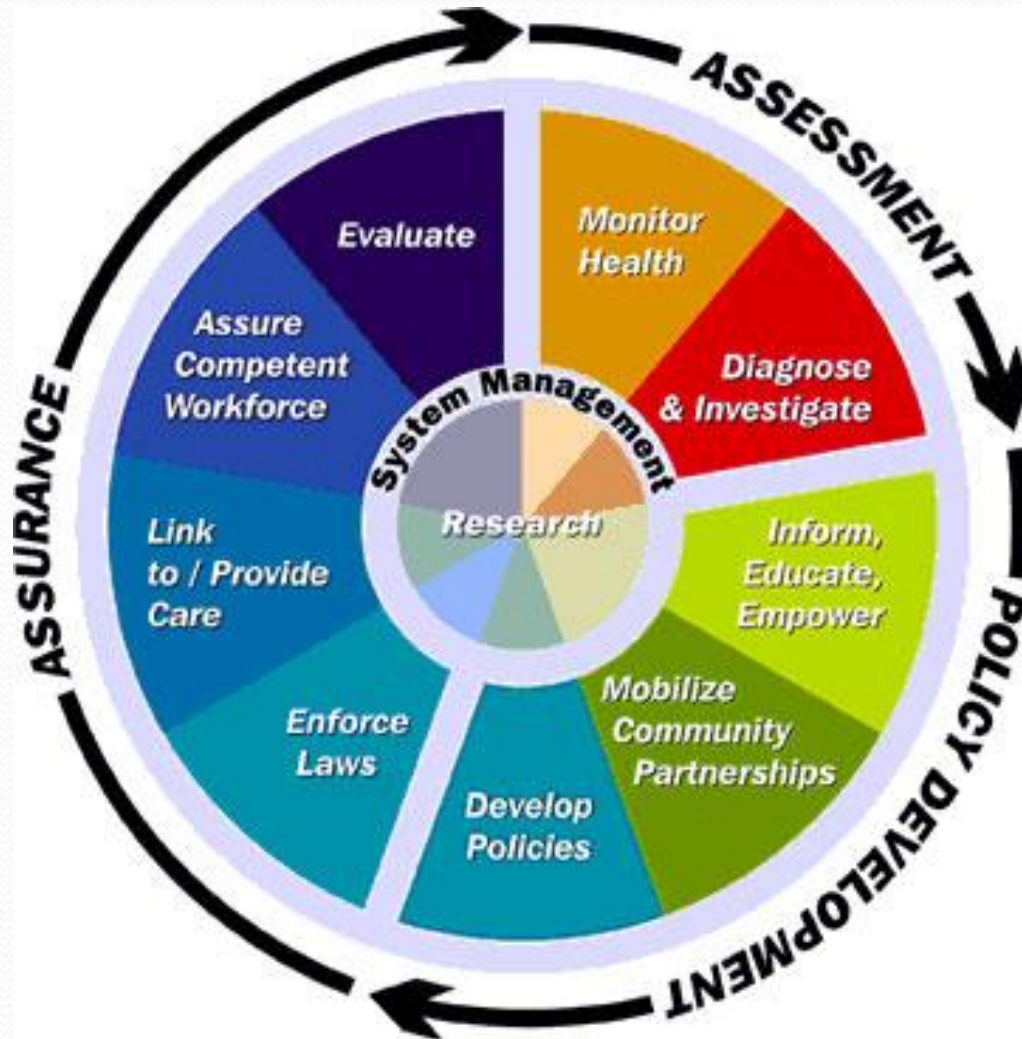

- ▶ What are the components, activities, competencies and capacities of our local public health system?
- ▶ How are the 10 essential public health services being provided in our community?

Public Health System

10 Essential Public Health Services Wheel

The Essential Public Health Services are as follows:

- Monitor health status to identify community health problems.
- Diagnose and investigate health problems and health hazards in the community.
- Inform, educate, and empower people about health issues.
- Mobilize community partnerships to identify and solve health problems.
- Develop policies and plans that support individual and community health efforts.
- Enforce laws and regulations that protect health and ensure safety.
- Link people to needed personal health services and assure the provision of health care when otherwise unavailable.
- Assure a competent public health and personal health care workforce.
- Evaluate effectiveness, accessibility, and quality of personal and population-based health services.
- Research for new insights and innovative solutions to health problems.

Community Themes and Strengths Assessment

The Community Themes and Strengths Assessment is intended to answer the questions such as:

- What is important in our community?
- How is the quality of life perceived in our community?
- What assets do we have that can be used to improve community health?

Forces of Change Assessment

The Forces of Change Assessment is intended to answer questions such as:

- What is occurring or might occur that affects the health of our community or the local public health system?
- What specific threats or opportunities are generated by these occurrences?

Vitals Data

- LLCHD has a dashboard application with Birth and Death data from 2005 to 2013
- <http://lincoln.ne.gov/city/health/data/vitalstats/index.htm>

YRBS (Youth Risk Behavior Survey)

- The LLCHD has been collecting data about risk behaviors among youth every other year for the past two decades. The YRBS dashboard has data from 2001 to 2015
- <http://lincoln.ne.gov/city/health/data/yrbss/index.htm>

BRFSS Dashboard

- The CDC made changes to the adult behavioral risk survey (Behavioral Risk Factor Surveillance System or BRFSS) in 2011 so we now have three years of BRFSS data on the LLCHD dashboard:
- <http://lincoln.ne.gov/city/health/data/brfss/index.htm>

Cancer

Health Development

Environmental exposure (e.g., radon, chemicals)

Genetic predisposition

Preconception Birth Early Childhood Adolescence Adulthood Senior Years

Discussion About Our Vision Statement

- The Vision should be about where we see our community 3 to 5 years from now.
- It should be short and memorable.
- Discussion

MAPP Timeline/Process

LLCHD MAPP Phase/Description of Activity	2015					
	April	May	June	July	August	Sept
4 MAPP Assessments					CHIP	CHIP
Community Themes & Strengths Assessment						
Hold community dialogues and focus groups						
Develop/disseminate/collect community survey						
Conduct interviews with residents/key leaders						
Compile results/identify challenges and opportunities						
Public Health System Assessment						
Prepare to update LPHSA/establish subcommittee						
Respond to performance measures instrument						
Discuss results/identify challenges and opportunities						
Community Health Status Assessment						
Conduct data collection of core indicators						
Select and collect additional indicators as needed						
Forces of Change Assessment						
Prepare for the Forces of Change Assessment						
Hold brainstorming session with committee						
Simplify list/identify threats and opportunities
